His real name was Maewyn Succat. The shamrock: St. Patrick is said to have used shamrocks to teach the Irish about the holy trinity. The Celts believed each leaf of the clover had meaning. Leprechauns: According to Irish folklore, there are no female leprechauns. Four-leaf clovers: Finding a four-leaf clover is considered lucky because of how difficult it is to find them. Corned beef and cabbage: Corned beef and cabbage are traditionally eaten on St. Patrick's Day. The first parade: The first St. Patrick's Day parade took place in America, not Ireland. Canonization: St. Patrick was never canonized by the Church during his lifetime because the process didn't exist when he died in 461 AD. Stockholm Syndrome: St. Patrick escaped to England but eventually returned to Ireland to spread Christianity.
